

As a mathematics professional, you recognize the importance of mathematics education in the state of Wisconsin. WisMATYC is an organization that offers you an opportunity to join with other individuals who are interested in mathematics education at the two-year college level.

Please accept this invitation to join our organization. We would like to develop a strong organization involving faculty and staff from all campuses in the UW Colleges and the Wisconsin Technical College System, and others from four-year campuses that have an interest in mathematics education in the freshman/sophomore years of college.

WisMATYC is a state affiliate of the national organization, AMATYC. Together these professional organizations address current issues in mathematics education, uniquely serving people who have made freshman and sophomore students a priority in our professional careers.

For current AMATYC membership information, please refer to <http://www.amatyc.org>.

Wisconsin Mathematical  
Association of Two-Year  
Colleges

Founded 1993

# WISMATYC

## STATEMENT OF PURPOSE

The Wisconsin Mathematical Association of Two-Year Colleges is a non-profit, educational association. The purpose is to encourage and develop innovative mathematics programs, to afford a medium of interchange of views on mathematics and mathematics education, to encourage and promote the cooperative study of problems relating to mathematics and the teaching of mathematics, especially at the two-year college level, and to seek solutions thereof.

## MEMBERSHIP

Any mathematics teacher or any other person interested in two-year college mathematics education or interested in the purposes of the Association shall be eligible for membership. Any organization interested in or having offerings in mathematics at the two-year college level is eligible for institutional membership. The registration fee for the annual conference includes a one-year individual membership, but interested people may join anytime during the year.

## HISTORY

Professor Connie Hemr (UW-Marinette County) was the driving force behind its founding in 1993. Past Presidents include Connie Hemr, Dave Schilling and Karl Schmid (UW-Barron County), Judy Jones (Madison College), George Alexander (Madison College), Kevin Mirus, Brian Murphy (UW Manitoowoc), and Turi Suski (Fox Valley TC). WisMATYC is an official state affiliate in the Midwest Region of AMATYC, the American Mathematical Association of Two-Year Colleges.

## MEETINGS

WisMATYC holds two annual business meetings per year. The full membership meeting is at the annual fall conference, which is typically held the last Saturday in September. The Executive Board also meets in conjunction with the annual spring meeting (April) of the Wisconsin section of the MAA. The registration fee for the annual conference includes a one-year individual membership.
