

As a mathematics professional, you recognize the importance of mathematics education in the state of Wisconsin. WisMATYC is an organization that offers you an opportunity to join with other individuals who are interested in mathematics education in the first two years of college.

Please accept this invitation to join our organization. We would like to develop a strong organization involving faculty and staff from all campuses in the UW System (including the former UW Colleges locations), the Wisconsin Technical College System, and other public and private institutions in Wisconsin and beyond. If you're interested in the first two years of college mathematics, WisMATYC is the professional organization for you!

WisMATYC is a state affiliate of the national organization, AMATYC. Together these professional organizations address current issues in mathematics education, uniquely serving people who have made freshman and sophomore students a priority in our professional careers.

For current AMATYC membership information, please refer to <http://www.amatyc.org>.

OFFICERS

2023

President: Turi Suski

WisMATYC

Wisconsin Mathematical
Association of Two-Year
Colleges

Founded 1993

WISMATYC

STATEMENT OF PURPOSE

The Wisconsin Mathematical Association of Two-Year Colleges is a non-profit, educational association. The purpose is to encourage and develop innovative mathematics programs, to afford a medium of interchange of views on mathematics and mathematics education, to encourage and promote the cooperative study of problems relating to mathematics and the teaching of mathematics, especially at the two-year college level, and to seek solutions thereof.

MEMBERSHIP

Any mathematics teacher or any other person interested in two-year college mathematics education or interested in the purposes of the Association shall be eligible for membership. The registration fee for the annual conference includes a one-year individual membership, but interested people may join anytime during the year.

WisMATYC includes members from the Wisconsin Technical College System, the University of Wisconsin System (including the former UW Colleges locations), and private institutions. Our focus is on the first two years of college math at ANY type of institution.

HISTORY

Professor Connie Hemr (UW-Marinette County) was the driving force behind its founding in 1993. Past Presidents include Connie Hemr, Dave Schilling and Karl Schmid (UW-Barron County), Judy Jones (Madison College), George Alexander (Madison College), Kevin Mirus, Brian Murphy (UW Manitowoc), and Turi Suski (Fox Valley TC). WisMATYC is an official state affiliate in the Midwest Region of AMATYC, the American Mathematical Association of Two-Year Colleges.

MEETINGS

WisMATYC holds its annual conference in the fall, typically on the last Saturday in September. WisMATYC also holds informal virtual gatherings for its members to connect throughout the year. The Executive Board also meets regularly. The registration fee for the annual conference includes a one-year individual membership.

PAST CONFERENCE SITES

- 2002 UW Fox Valley
- 2003 Madison Area Technical College
- 2004 UW Fond du Lac
- 2005 Milwaukee Area Technical College
- 2006 UW-Marshfield/Wood County
- 2007 Fox Valley Technical College
- 2008 UW-Sheboygan County
- 2009 Madison Area Technical College
- 2010 UW-Marathon County
- 2011 Marian University
- 2012 UW-Manitowoc
- 2013 Waukesha County Technical College
- 2014 UW-Fond du Lac
- 2015 Northcentral Technical College
- 2016 UW-Sheboygan
- 2017 Blackhawk Technical College
- 2018 UW-Washington County
- 2019 Northcentral Technical College
- 2020 Virtual – Thanks to COVID-19
- 2021 Virtual - Thanks To COVID-19
- 2022 Gateway Technical College

FUTURE CONFERENCES

- Sept 30, 2023 Fox Valley Technical College
- Sept 28, 2024 Madison College
- Sept 27, 2025 Northcentral Technical College
- Sept 26, 2026 TBD
